FRESH JUICE & SODAS

We believe that fresh is most definitely best. Where we can we will juice straight from the fruit, but we also make our own cordials in house to create unique and quite frankly bloody delicious sodas. If you want us to make you up a special blend, then just ask and we'd be happy to help.

REALLY GOOD COFFEE

While we can't grow our own coffee beans, we like to use Scottish roasters to keep things in the community. We also like to use the best quality milk we can so as standard we will serve proper barista milk but have a selection of dairy free alternatives.
